Zombie Walk a Big Success!

The first annual Zombie Walk for Hunger was a huge success. We had 47 walkers, which included a little boy's birthday party group. Now how much fun was that?! And thanks to "CRATUR" (Charlie Dunlap, Bob Davidson, and Arlene Probert), a local Celtic group who donated their time, those little Zombie toes were a-tapping.

Through registration fees and donations, the walk raised \$1,232, which will be split between Soi Dog Foundation and Country Cat Sanctuary — two non-funded registered animal rescues. Between the Zombies, the walk and the dropped off bags of groceries, 375 pounds of food and water were col-

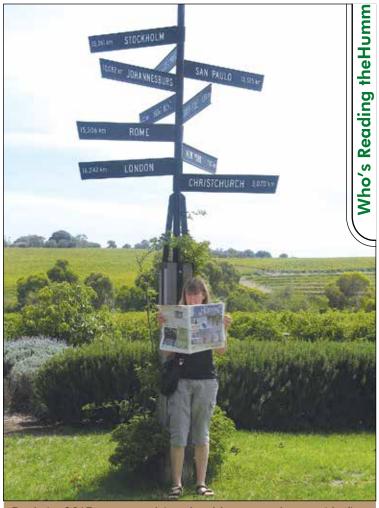

lected for the Lanark County Food Bank in Carleton Place. Thank you to all the merchants in Almonte and Carleton Place, who have always been so supportive of the fundraisers we do, for coming through again for the Zombie Walk and donating so many marvellous prizes. Thanks also to Nancy Fulton and Tommy Levi of Levi's Home Hardware, and Tanya and Guido Patrice from Patrice's Independent Grocer, who supplied all the water for the walk. And how can we forget Sean Isaacs of Alliance Coin & Banknote, our very own Bankers of our Apocalypse. Sean took the time to come down and personally give each walker one of the amazing Zombuck coins

which he generously donated. In closing, thanks to all of the Zombies who took the time to come and take part and make this walk a success. See you all next year, and bring along your Zombie friends. This walk can only grow and will be bigger and better next year with your participation and support.

Thank you for your support.

Back in 2013, we got this adorable note, along with five great shots of the Humm in Australia (this one taken in McLaren Vale): "The photographer would be my partner Chris Carlisle, and I am Nikki Rumbelow, the avid Humm reader. I think poor Chris was the good sport. That paper went everywhere for the month and was guite tattered by the end. There were a lot more photos taken with that January edition, but we edited down to the five."

Thanks Chris and Nikki - and we've put the other four photos on our website this month!

See More Online!

In addition to four more great shots of Nikki Rumbelow reading the-Humm in Australia (see explanation above), we've got some **book** picks from Pam Harris — Almonte librarian and author of this month's Speaking Volumes column (on page 38), as well as a notice about the deadline for this year's National Capital Writing Contest, which is now open to all residents of Ontario and Quebec, as well as those in the Ottawa area.

There are a few other tidbits that we just couldn't fit into this very squishy issue (try saying that five times fast!). They include an article about the November meeting of the West Carleton Garden Club (taking place on Tuesday, November 10 in Carp, and featuring Robin Lee of Lee Valley Tools as the guest speaker), details about two fundraisers for the Arnprior & District Humane Society (read about their book & bake sale on page 10 of this issue), and an invitation from the **Perth & District Horticultural Society** to join them on November 24 to watch Cindy Zorgel create fabulous floral designs you can make for this Christmas season!

Meredith Kucey — Building a Legacy in Silver

It's the process that keeps Meredith Kucey firmly riveted to her jeweller's bench in her rural silversmithing workshop, designing and building brilliant heirlooms-to-be. Kucey loves to build. Tools that intimidate most females are just a welcome challenge to this graduate of the Nova Scotia College of Art and Design (NSCAD) who majored in jewellery design and metalsmithing.

by Sally Hansen

Kucey has mastered all elements of the process, from design through fabrication and finishing. Her expertise in carving, casting and finishing results in jewellery that is innovative and visually exciting. During her recent participation in the area Crown and Pumpkin Studio Tour, she noted again that men are particularly attracted to her bold style. While their female companions admire her dramatic butterfly pendants, her delicate silver earrings and her distinctive silver rings, the men frequently select or commission a handsome silver ring for themselves.

Kucey's craftsmanship is outstanding. She uses the traditional Lost Wax Casting process, and unlike many jewellers, does all her own casting. Carving, forging, and the use of both physical and chemical treatments of the surfaces, create a wide set of design options that she combines to realize her artistic visions. Her artistic goal is "to create Born in Nepean, Kucey atjewellery that stirs the senses," and in my opinion, she succeeds.

Her workshop is replete with dangerous-looking objects that are either incredibly sharp or extremely hot, and I am hard-pressed to follow her enthusiastic mini-tutorial on how she builds a beautiful sterling piece. She loves working with metal, and

has learned to respect the fluidity of the sterling silver she uses, constantly experimenting with techniques of forming, carving and pushing her materials to their limits.

Material Choices

Kucey's use of silver as the material for her artistic expression gives her a versatile medium that not only has a long tradition of use in arts but is also an important material with many applications in technology. The history of silver is rich and intersects in many ways with the development of our society; applications of silver extend from the arts to medicine, electronics and optics. It is one of the few metals found in its pure form in nature and has been known and prized since ancient times for its unusual properties that include luster, high reflectivity and ease of working. In its purest form, silver is very soft, but the addition of a small amount of copper lowers its melting point and increases hardness. Sterling silver contains 7.5% copper and is the most common form of silver in general use. It takes a high degree of polish and, while chemically inert, slow surface reactions occur that result in formation of dark coloured coating or 'tarnish'.

Meredith expands her artistic repertoire with semiprecious gems and is delighted with the Persian turquoise she selected recently at a gem show. She is looking forward to designing the perfect

home for each stone. Turquoise is found among the world's oldest jewellery and has long been considered a stone that guarantees health, good fortune, and protection from evil <gia.edu>. In a Kucey ring, it will also guarantee an ongoing aesthetic pleas-

> fascinating experience solidified her resolve to pursue a career in art, and she chose jewellery as her life's work.

> Her experience at NSCAD has left her a permanent fan of Halifax and its amazingly friendly, helpful citizens. of the Mississippi River in Almonte. Throughout the past decade she has contributed to the success of the Crown and Pumpkin Studio Tour, both as an artist and organizer, and she recently became an enthusiastic gallery assistant at the General in Almonte.

Carrying a Torch

Kucey (formerly Kucey-Jones, if you come across her previous identity on the internet — she is in the painfully liberating process of de-hyphenating from her soon-to-be ex-husband) has always loved

> jewellery and states without reservation that she will always make jewellery. Recently, however, her love for building, combined with her love for metal, enticed her to complete Algonquin's course in Welding and Fabrication. She worked briefly at Branje Metal Works in Almonte, welding and finishing metal stairs and railings. Her next artistic goal is to design and fabricate metal accessories such as light fixtures, tables and other decorative home accessories.

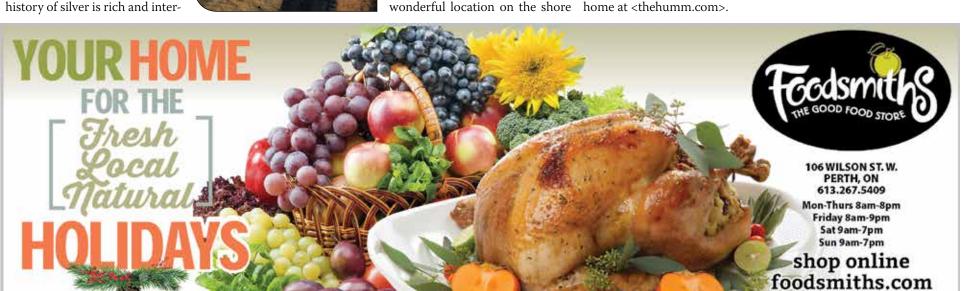

> As a certified welder, Meredith has participated in programs sponsored by the Canadian Welding Foundation and Skills Canada, designed to encourage young women to become welders.

She points out that women can succeed in this male-dominated field by working smarter, not harder, and that they excel at fine work. This quote from <vietnamwelder.blogspot.ca> says it well: "You know, welders that work with their hands are labourers; welders that work with their hands and minds are craftsmen; and welders that work with their hands, minds and hearts are artists." Kucey is an artist.

Meredith Kucey's jewellery art will be on exhibit from November 3 to 29 at Almonte's General Fine Craft, Art & Design gallery at 63 Mill Street. She is delighted that her work will appear with "the very tactile and complementary paintings of Lily Swain-Brady." The gallery is a wonderful addition to Almonte's humming arts scene, and a visit during November is definitely a welcome antidote to the looming winter blahs. Not a single item will be available at your nearest box store, and your Christmas shopping could not be more enjoyable.

Kucey welcomes commissions, and is equally comfortable working with gold, if that is your preference. What is the Guatemala Stove Project?

Three billion people on our planet cook over open fires, and indoor air pollution from cooking fires is a major cause of illness and death in the developing world. In Guatemala, Mayan families traditionally cook over a "3-stone fire". These open cooking fires fill the homes with smoke and ash, coating the interior walls and ceilings with creosote. They burn wood inefficiently, which leads to

subsistence farmers seek fuel for cooking their meagre meals. Over the past sixteen years, working with partner organizations in Guatemala, the GSP has funded and built over 5000 imthe western highlands.

These stoves are efficient and burn more cleanly, and their chimneys take the smoke and soot outside the home. This greatly improves the living conditions of all in the household, especially the children and women. More efficient burning means the family needs less fuel, and can use those resources for other pressing needs. This also means reduced deforestation of the hillsides, benefitting the environment in many ways.

Talking Trash(Dance) with Fern Martin

The redoubtable Fern Martin has done it again. The local playwright and activist is tackling a troublesome topic through song and humour. This time, it's litter — and its impact on the planet and your neighbourhood. Martin has a real knack for personalizing big issues ("think globally, act locally" could be her motto, but she doesn't have time to put it on a plaque). Trashdance is a pun-filled take on a commonplace problem.

Martin took a little time out of her busy schedule to answer a couple of questions.

Fern, you're well known in the community for your garden. And some may even know that you serve on the Beautification Committee. Can you talk a bit about beauty?

Fern Martin: Beauty is, of course, in the eye of the beholder. But I suppose garbage amongst the wildflowers or along the riv-

25 Years of Lighting Up the Night

Light Up The Night celebrates its 25th anniversary this year, and on Friday, December 4, the popular outdoor family event will mark this special milestone by presenting its wonderful Christmas show at their traditional location at the bottom of Mill Street in Almonte, Mississippi Mills... with the return of that host with the most!

around these parts as "Our Wayne", is coming back from Nova Scotia (where he now lives) to be our favourite headliner. He's pretty happy about returning for the 25th anniversary. "It's a heck of a milestone!" he told me over the phone. "To have it last this long is a huge testament to all the wonderful volunteers and the Town that kept it going. When they asked me to come back to do the anniversary show, it only took a heartbeat, a blink of an eye, for me to say yes!" Wayne is coming back "on his own dime" to be

The Night. "It's my Christmas gift to the ning, flipped the switch for the lights Town," he adds. You can look forward to at the falls while the Fairy Queen of seeing Wayne onstage as MC and you can be sure he'll lead a rousing rendition of his original song *Christmas in the Valley* with the audience. It wouldn't be Light Up The Night without it.

Other talented performers onstage Wayne Rostad, affectionately known will include Voices of Praise (a Light Up The Night favourite), popular singersongwriter Terry Tufts, Canadian country music queen Brea Lawrenson, Almonte's own Brad Monroe & Marty McTieman, the Cedar Hill Church Choir, town crier Daniel Richer, Canadian country music phenomenon Blackwell, and of course, the Twinkle Fairies, puppets Mrs. Claus and Rudolph the red-nosed reindeer, and last but not least... the big guy himself... Santa Claus!... who always makes his sensational first appearance in the spotlight at the top of the Victoria Mill building. And don't forget the amazing fireworks display at the end of the show to the glorious strains of the Hallelujah Chorus from Handel's Messiah. What a way to close off the evening! It always gives me goosebumps.

> Twenty-five years ago, when Light Up The Night first started, it was a much simpler affair. It really was all about lighting up the night. Strings and strings of Christmas lights were mounted on the Mill Street trees and buildings and over at the Mississippi River falls at the old Almonte Hydro building. "Our Wayne", who was

with his friends and family at Light Up part of things right from the begin-Christmas Lights and her princesses led the torch-bearing audience through the downtown area waving her magic wand and turning on the lights as she went. Following the lighting ceremonies, people could relax on bales of hay at the town square and sing Christmas carols and enjoy live music by local musicians, including, at that time, Tracey Brown and Randall Prescott. Plenty of hot chocolate and cider, along with roasted chestnuts and doughnuts, was served up by

members of local service organizations. At that time, Santa and his reindeers and sleigh made their appearance by flying across the waterfalls — like Evel Knievel — and landing behind the Hydro building. How Santa managed to pop out seconds later from behind the building is a magical trick known only to a select few. Currently, Santa suddenly appears at the top of the Victoria Mill and then magically steps onto the stage seconds later down on Mill Street — another visual trick that is carefully protected from disclosure.

"For Light Up The Night to last as long as it has, it had to capture the imagination of the people to start with, and it did!" says Wayne. The original committee members - Nancy Fulton, Brian Gallagher, Margo Hay-Goodings and Harriet Byrne — probably had no idea that what they were start-

ing would enjoy such longevity. Twentyfive years later, people are still putting on their warmest winter clothes and gathering on Mill Street in Almonte to enjoy a Christmas tradition that just keeps on going like the Energizer bunny. It's free, it's fun for all ages, and it's so very familiar.

Nancy Fulton, one of the original founders, is still heavily involved in Light Up The Night. You've probably bought paint from her at Levi's Home Hardware in Almonte. "Light Up The Night is my heart and soul," she declares, "I love it!" Right about now, Nancy is getting pretty darned excited about the upcoming anniversary, and, if you ask her, she can definitely tell you exactly how many "sleeps" there are until this year's event on December 4. See you there, Nancy!

Home Town Talent

You may know him as a hockey player who recently played with the Carleton Place Canadians, as a young man with a great voice and talented fingers on strings, or as the smalltown country boy with a kind heart. This young musician, Alex Vala, is on the rise. He grew up just outside of Carleton Place, in the small town called Franktown. Vala recently graduated from Notre Dame Catholic High School and decided to take a year off to work and travel.

He and his friend Lee Francoeur have formed a band called The Vallee. The two recently won the talent show in Palmer Rapids, a country and bluegrass festival near Barry's Bay, with their winning song, Country Girl, by Luke Bryan. Alex often plays at the Barley Mow in Almonte, at private parties, talent shows, and pubs. During this past summer, The Vallee had a gig at the Thirsty Moose Pub in Carleton Place and the venue was filled to capacity. His band uploaded an original song on Facebook called Memory Making Place, which has received over 10,000 views. The Vallee was asked to play at a business conference in Las Vegas, as their popularity continues to grow.

"If I was to say one thing about music, it would be that it's my passion. I've done so many things in life that I thought I loved but this is really, truly, it. Getting up in front of a crowd, there's nothing like it," Alex says. He has a hidden talent that takes many by surprise. Watch for his local upcoming gigs — you will experience how far he has come and absorb his talent personally.

Colour and Doodle!

The Book Nook in Perth is pleased to invite you to a free colouring and doodling interactive demo with local artist Sheila Cain-Sample, on Saturday, November 7, from 12 to 2PM.

Doodling is Sheila's way of relaxing. It travels everywhere with her — compact, lightweight and simple. It's something you can pick up or put down at any time. Sheila writes: "I love to open people up to the possibilities of doodling/colouring and how relaxing it can be. It is so good to exercise your mind with the challenge of figuring out patterns. You can create your own designs to add colour to... What could be better? The benefits of colouring have been abundantly documented. Don't you want some of that?"

The Book Nook is located at 60 Gore St. E. in Perth. For more information, call 267-2350 or email <thebooknook@bellnet.ca>

Travel Down Memory Lane

St. George's Anglican Church in Clayton is once again inviting you to take a trip "Down Memory Lane" in honour of Remembrance Day on Sunday, November 8, beginning at 2рм. Down Memory Lane features Roger Fowler on accordion, Earl Casey on guitar, and Donna St. Louis providing vocals. They will be performing tunes from the '40s and '50s and encourage you to sing along. Refreshments will be served following the concert. For more information, call Ray or Kathy at 256-9010, or check out <stgeorgechurchclayton.webs.com>.

Blue Moon Café

Perth band EDGE presents the 15th annual Blue Moon Café on Saturday, November 14 at 7:30pm in the hall at St. Andrew's Church, Perth.

The setting is a relaxed, coffee-house atmosphere and the music is an entertaining mix of pop, folk, country and singable hits from the past to the present.

Members of this popular trio are Ann Savage, Jeff Earl and Graeme Crabb. They have been performing together for a number of years and have worked out lovely harmonies for their songs. Audiences are encouraged to sing and clap along to familiar tunes.

Admission is \$10 at the door and light refreshments are served during the intermission.

Because you Can't Adopt Every Animal...

If you like books and/or sweets, you'll want to head to Arnprior on November 15, when the Arnprior & District Humane Society hosts its annual **Book and Bake Sale**, as part of the 2nd annual Christmas in the Prior, at the Nick Smith Centre.

Already have too many books? Well, first of all there is no such thing as "too many books", and secondly, they invite you to sort through your bookshelves in preparation and welcome your donations of books (or baked goods) at the Nick Smith Centre between 8:30 and 9:30 AM that day (or on the 14th, from 12 to 5PM, at the Arnprior Humane Society, 490 Didak Drive).

Fresh in the glow of your good deeds (cleaning and helping animals) — and with disturbingly empty shelves — you can enjoy shopping for some good reads and treats (to sustain you through a really good book). There are also vendor and craft tables, including GelMoment, Pampered Chef, Origami Owl, Sunset Gourmet, Younique, and more.

The sale is on Sunday, November 15, from 10AM to 4PM, at the Nick Smith Centre, 77 James Street in Arnprior. For further information, you can see <arnpriorhumanesociety.ca> or contact the Humane Society at 623-0916.

A Choral Christmas

The West Ottawa Ladies Chorus will perform "Christmas Around the World" on Saturday, December 5 at 7PM and again on Sunday, December 6 at 2:30PM at St. Paul's Anglican Church, 20 Young Road in Kanata. The choir, under the direction of Robert Dueck, will perform a variety of traditional carols from around the world.

Also performing will be the West Ottawa Chorale, comprised of sixteen guest tenor and male voices in concert with the forty voices of the West Ottawa Ladies Chorus for several mixed chorus (SATB) selections. Tickets are \$15 in advance from Gaia Java (1300 Main Street, Stittsville), Kanata Barbershop (2 Beaverbrook Road, Kanata), and Robin's Nest (98 Mill Street, Almonte), or \$20 at the door. Admission is free for children 12 and under.

Karen Savoca Returns to Play MERA

One of the most popular acts at this summer's Blue Skies Festival — Karen Savoca — returns to the area in November for a concert in the popular Sunday Schoolhouse Concert series at MERA Schoolhouse in McDonalds Corners.

"Karen was by far my favourite act at this year's festival," says Danny Sullivan, who is organizing the MERA event. "I'm really happy to have the opportunity to present her at MERA in a show with a longer format than one set at a music festival."

Karen pours her heart into a song the way a great actor throws herself into a role. Her songs draw you into a world of humour and compassion, shared with grace and ease, as though you've been invited to her table for supper.

Born in northern New Jersey, the daughter of a big band singer, Karen's baby diary reads "20 months, knows 6 songs". At the age of eight she asked for piano lessons, and at thirteen she began composing on a guitar she bought with saved birthday money. She attended Syracuse University, where she studied music and elementary education.

Pete Heitzman, a Syracuse native, was playing in clubs at the age of fifteen. He carved out a reputation as an ace guitarist capable of playing many styles, variety of bands. He met Savoca during a return trip to his hometown, invited out by friends to

the night away, and he joined her group the next day. In that band they forged their unique style, performing original songs to a packed house every Monday just off-campus. Those Monday nights became a seven-year-long tradition during which Karen and Pete revelled in patrons' enthusiastic dancing and improvised call and response routines. Years later, that chemistry would spark an enchanted scene at the Vancouver Folk Music Festival when 10,000 people spontaneously removed their shoes and waved them over their heads.

Folkus on Music this Winter!

The **folkus concert series** has put together a bang-up season for you this year. We can't think of a better way to beat the winter blues than by getting out of the house for a magical night (or three or four) of live music in our own community.

The Almonte Old Town Hall is justly celebrated for its acoustics, and it's a fabulous setting for live music. Pick up some season's passes for a stocking stuffer or for yourself, and you're all set for the cold months.

Our season has been tweaked slightly since our original announcement; we've switched up the line-up to accommodate a European Tour for Craig Cardiff.

So this year's performances are as follows: **Harry Manx** (above) on January 30, Craig Cardiff with special guest Jennifer Noxon on February 20, a double bill with KEWT (Terry Tufts and Kathryn Briggs) and Allison Lupton on March 26, and Slow Leaves with special guest Jill Zmud on April 23.

All folkus shows are held in the Almonte Old Town Hall. Details can be found at <folkusalmonte.com>, and tickets will be available on Eventbrite <folkusalmonte.eventbrite.ca> and at Mill Street Books in Almonte (256-9090). Questions? Email <hello@folkusalmonte.com>.

Music is more than just something to be consumed. It has an important role in a free and democratic society. It has the power to bring people together and to bring about real change. Christmas Continuity in Cedar Hill

You know something has become a family tradition Shirley Deugo's Family — That's Who when no one in the family can recall when it actu- Almost as if they heard us fretting, we got a call would be complete without our annual trek to Cedar Hill Christmas Tree Farm; yet we can't remember when we first began going there. Every moment is treasured: the communal wagon ride out to snowcovered fields, tromping through the snow to find our perfect tree, taking turns with the saw (and throwing snowballs at each other when not sawing), sitting around the bonfire, and finally warming up Ria's gorgeous wreaths to adorn our front door. One year our family Christmas card even featured a composite of photos from the outing!

So when we heard through the grapevine that the farm was for sale, we naturally flew into a panic. What if the new owners had no intention of carrying on with the business? And if they did, who could ever provide as warm a welcome as Ria and Paul Ralph, along with their wonderful family and staff? Who would love the land and care for the trees as much as they did?

ally started up. For the Riendeau clan, no Christmas from Ria and Paul recently, asking if we would come out and interview them along with the farm's new owners — Pamela and Grant Martin. Imagine our relief when we discovered the strong connection Pamela has to this area: her mom is Shirley Deugo, the indomitable owner-operator of Fulton's Pancake House & Sugar Bush, located minutes away from the Christmas Tree Farm.

Pamela grew up roaming the woods of Cedar with hot chocolate and cider while choosing one of Hill, helping with maple production and developing a deep love for this area and its inhabitants. She met her husband Grant at the University of Guelph where they were both pursuing a B. Sc. in agriculture, and they soon married and moved near Grant's home farm. They took over that farm soon after their first two boys were born, and within three years had converted it to a certified organic dairy, producing milk as well as organic poultry, beef, pork, lamb and eggs. Two more boys came along, and today their four sons are 13, 12, 11 and 7 years old. Understandably, Grandma Shirley was eager to have them move closer to home!

> Shirley was indeed the one who first told the Martins that the Christmas Tree Farm was for sale. When the family visited at Eastertime, Grant went to have a visit with Ria and Paul, and ended up staying so long that they offered him dinner. After Grant left, Paul says he could tell that the Martin family would probably enjoy living there and being stewards of the land and its trees. It was important to both Paul and Ria that the property be sold to people who would love the land, and Paul is delighted that the current crop of 35,000 trees will continue to be farmed.

Pictured above (l-r) are the current owners of Cedar Hill Christmas Tree Farm, Paul and Ria Ralph, and the soon-to-be new owners, Pamela and Grant Martin. The Ralphs are delighted that the Martin family will be taking over the business soon, but Paul and Ria look

For his part, Grant went away impressed with how well the Ralphs had maintained the property, and the attention to detail that they have given to their business. Pamela says: "it just feels like I am coming home, and my family and friends feel the same!" And for the whole Martin family, the move from dairy to tree farming is a real simplification of their lifestyle. Dairy farming, as they say, occupies "389 days a year", but Christmas trees have a down time that just happens to coincide with maple season, so don't be surprised to find Pamela, Grant and the boys helping out over at Fulton's in the spring...

Christmas Continuity

This season, Paul and Ria look forward to welcoming you to the farm for their wonderful array of fresh cut and cut-your-own White Spruce, Balsam Fir or Fraser Fir trees, as well as Ria's wreaths, decorations and jams (see their ad on page 27 for hours and details). Pamela and Grant will be busy selling their dairy operation, but they hope that by the 2016 season they will be selling trees — with assistance from Paul and Ria — because all four are committed to making the transition as smooth and successful as possible.

As for the Riendeau family, we would like to welcome the Martins, wish Paul and Ria much happiness as they enter the next chapter of their lives, and thank them all for allowing our Christmas family tradition to continue!

Ah November... a nice quiet month... a **Upcoming Celebrations** down time — it is simply a time of change, when our thoughts leave festivals and turn to music series and plays and books and food and, of course, Christmas! Fortunately, Miss Mills is here to help you plan your Christmas shopping — EARLY! And if you're one of those freaks well-organized people who've got your prezzies all bought and wrapped already, then you are free to shop for yourself!

Arts & Crafts

Almonte kicks off their Christmas shopping on the weekend of November 7–8, with the artisanal triad of Handmade Harvest Holiday Craft Show (Old Town Hall, Sat. from 9 to 4, Sun. from 10 to 3, different vendors each day, \$2 admission), Christmas in the Valley Artisan Show (Community Centre, Sat./Sun. from 10 to 4), and the Almonte Potters' Guild's Pottery Sale (95 Bridge St., Sat./Sun. from 10 to 5). Insider tip #1: park somewhere in between — the parking lot behind the Bank of Montreal or by the Library — so you can pop to your car between shows to drop off your purchases. This ain't my first craft rodeo, ya know. Insider tip #2: start at Handmade Harvest, first thing, as the first 50 people each day get a great "swag bag". Note: if you love Light **Up The Night** (and who doesn't), you'll want to buy a limited edition pewter ornament or other handmade delight at the LUTN fundraiser also taking place on November 7 and 8, at the Almonte Curling Club (see ad below).

Also on that weekend is artist **Rosemary Leach**'s open studio, at 255 William St. in Almonte. And of course, our galleries serve up beautiful and intriguing art all month long at **General Fine Craft** (Meredith Kucey/Lily Swain-Brady are featured, with vernissage November 15), Mississippi Valley **Textile Museum** (see Gayle Kells' transformation of plastic bags into art), and Sivarulrasa Gallery (a special anniversary show of eight fabulous Canadian artists, with a vernissage on November 14 from 3 to 6PM).

time to cocoon and — Ha! You didn't fall for In Mississippi Mills, Christmas is a pretty big that, did you? In Mississippi Mills there is no deal. I mean, we start December with a weekend of **Light Up The Night** (the homespun smalltown event guaranteed to feel like Almonte's giving you a big Xmas hug, Dec. 4, 7рм), followed by a daytime **Santa Parade** in Pakenham so good it goes around twice (Dec. 5, 1PM), and the cool Nighttime Christmas Parade in Almonte (Dec. 6, 5PM). And we do our Christmas shopping with just as much thoroughness and vigour.

From craft shows to downtown events, it's holiday shopping season in Almonte and Pakenham!

Shop & Make: Christmas Kick-Off!

Which is why Almonte's merchants are having not one but TWO Christmas Kick-Off shopping Thursdays: November 12 and November 19. They know you want to shop locally, so they make it easy by staying open late and offering a wide selection of gifts across the spending spectrum, as well as specials and treats! If you love super cool gadgets and tools, DO NOT got to the new **L.G. Lee & Sons**... because we will never get you out of there! Instead, send your family in there to shop for YOU! Plus, they will be handing out the Lee Valley Christmas catalogue in a nice reusable Lee Valley bag! Keep the bag to use as a stocking stuffer (or in lieu of a

stocking) for the handy person and/or cook on your list. Speaking of presents for yourself, you can Deck Your Neck at doree's habit's annual event (on the 12th) and get a free gift with purchase at **Vamos**' Outerwear event (both nights).

Crafters will want to do a Christmas Tree Spider Make and Take at **Dragon's Lair Beads** (\$6, both nights), and check out the Annie Sloan two-colour distressed Chalk Paint finish demo at Tin Barn Market (on the 19th, from 6:30 to 8:30PM) and weaver/spinner demos at the **MVTM**, which will also have their Gift Shop open (both nights).

Take a walk across the bridge to **Kehla Jewellery Design** on the 19th, where from 5 to 8PM, all sales are tax-free. Finish the night with a stop by one of our newest studios/shops — Jennifer Kelly's Current Works of Glass (up by the LCBO) — where you can see a pulled hot glass demonstration (8PM-ish both nights). Many other wonderful downtown shops will have special treats and discounts, so make a night of it — or two! Visit <ifounditinalmonte.com> for details and store hours.

"But Miss Mills," you interject, in that innocent voice you have, "how will I have the energy to keep going through the night?" I'm glad you asked. In addition to many retailers providing goodies to keep you energized, you can partake of The Mill Street Crepe Co.'s \$30 crepe-dessert-wine special (both nights), and enjoy goodies at Equa**tor** when they have their Open House (on the 19th).

There will be special shopping available on November 14 as well, when the Almonte Farmers' Christmas Market returns to the Community Centre, with the usual suspects, as well as guest vendors, including Harwood Estate Winery and Amanda Sears (I have my fingers crossed that she's making her Pad Thai!).

And on November 21, from 3 to 6PM, Alliance Coin is bringing back their popular Coins & Strings event. This is a great chance to view hundreds of new Canadian and world coins that they have in stock, as well as some very special coins that will be on display during this event only. Enjoy music by harpist Robin Best from 3 to 5PM.

Plays & Films

Theatre lovers (and litter haters) will be happy to know Fern Martin (author of Naismith is Colourblind) is back with her new play, Trashdance, a musical playing in Pakenham, Clayton and Almonte (see the article on page 6 for details).

This month's **Movie on the Mississippi** (TIFF film presented by Hub Hospice) is Testament of Youth, a powerful story of love, war and remembrance, based on the WWI memoir by Vera Brittain, which has become the classic testimony of that war from a woman's point of view. See it on November 22, at 2:30PM at the MVTM.

On the 28th, at 7:30PM at the Old Town Hall, you can catch Sign Painters: The Movie, featuring some great hand-painted-sign makers and a brief history of the rise, fall, and resurgence of the handpainted sign industry.

Come to a Country Western Jamboree!

Kidney Foundation Fundraiser in CP

The Tysicks are no strangers to sound board, and to the challenges of living with kidney disease. Sue has been driving her husband Brian in for regular dialysis for several years now, and although that has been difficult for them, it really opened their ticket price for all eyes to the hardships faced by others. Determined to raise both awareness and much-needed funding for research, the couple more with you in has spent the last several months planning a wingding of a Country Western Jamboree - and you're invited!

Taking place on Sunday, November 15 from 2 to 7PM at the Carleton Place Arena, this amazing concert will feature the musical talents of Andy Bowes, Dave Brown, Wade Foster, Ed Bowes, Freddie Dickson, George Chenier Sr., Neville Wells, Harry Adrain, and Henry Norwood, and probably several more special guests and friends. To ensure that they all sound their best, John Bowes will be running the summer coordinating BBQs to

Book Review: At Home in Tay Valley

Fascinating stories abound in At Home in Tay Valley. Some of them, settlers from Great Britain. That history is also re-opened schools, and raised and sustained families as with much of history, are unexpectedly captivating. One such story, which opens the book, is about something you might not immediately think of when considering the history of a place: its geology. How the land was shaped certainly impacted the people who settled there and influenced how they survived, built their homes, earned their livings, and put food on their tables.

In his overview of the geology of the Valley, Jim Stone writes: "Geology might be considered itself one of the historical characters that make up the history of Tay Valley township." Indeed, and that portion of the book is not only historically important but also fascinating.

Surface rocks in Tay Valley have been dated at more than a billion years old. Hard to imagine? Try whistling this: archaeologists in the area have unearthed artefacts dating from as far back as 6000BC. Some of these are in the Perth Museum collection, including a Paleo-Indian period fluted point found in the Rideau Lakes.

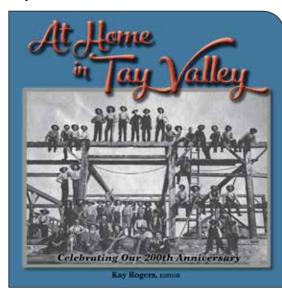

Such finds make you wonder who made these things. Not much is known about that. What is known, and what is spelled out in this book, is that the Omàmiwininì people were the first to live in the Tay Valley. They fished and hunted seasonally along the Kiji Sibi (Ottawa River) and its tributaries, including the Rideau, Mississippi, Tay, and Fall Rivers in Lanark County, but life changed drastically for them in the early 19th century when early immigrant settlers moved into the area. The Omàmiwininì, who lived largely off the land and water, found it next to impossible to survive.

At a council held in 1840, an Omàmiwininì leader named Kaondinoketch described the situation: their hunting grounds were ruined, they were starving half the year, wood merchants had destroyed their valuable timber, their deer had been driven off, their beaver population annihilated. This brief chapter about the Omàmiwininì, written by Algonquin scholar Paula Sherman, is as sad as it is enlightening, and well worth the read for historic if not spiritual purposes.

What is more widely known about Tay Valley's history is that many of the first settlers were part of the Perth Military Settlement, founded in 1816 by disbanded soldiers from the War of 1812 and civilian

visited in this book. The first settlements were established in the Town of Perth, and in Bathurst and Burgess townships. More Scottish immigrants arrived in 1820, settling in South Sherbrooke Township. Even more soon arrived from Ireland.

By all accounts in At Home In Tay Valley, life wasn't easy for the region's first European settlers. They faced many challenges, hardships, and a lot of hard work. Kay Rogers, who did a fabulous job editing this comprehensive book, writes: "They took on the daunting tasks of felling trees, clearing land, building a temporary shelter, and planting crops so as to survive their first winter. Through all this, they also had to contend with hordes of mosquitoes. What's more, 1816 was the year of no summer; it snowed in June and frost occurred in July and August, resulting in failed crops."

To earn money in those early days, people combined a little of everything, writes Nick Mulder, including: "farming, maple syrup production, fishing, hunting and trapping, forestry, and, later, cheese ey on an impromptu horse race at a community production and mining." It was never easy, but fair was not uncommon. with great resolve, spirit, pluck, and grit, they persevered. Some even prospered.

Much of the rest of At Home in Tay Valley consists of personal accounts by family members of enough to those who love history, the Tay Valley, peope who settled in the area, and includes contributions from over sixty people. They speak ley, a book celebrating the 200th anniversary of to many of those hardships — the challenges of Tay Valley, is available for purchase at the Perth building roads, fighting fires, cultivating farmland, Museum, Sunflower Bake Shop, The Book Nook, and so on — but also highlight the people who The Bookworm, the Tay Valley Township Office, succeeded in establishing prosperous businesses, and at The Village Green in Westport. built infrastructure, forged strong community ties,

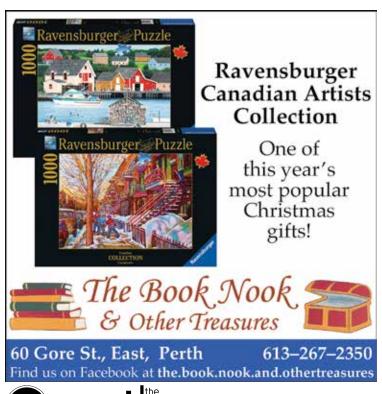

in Tay Valley.

Among these are some very charming stories. There is the enchanting love story of Otty Lake pioneers Anna and William "Willie" McLaren, who happily lived for many years in a simple house on the Otty Lake mining property owned by Willie's father, Senator Peter McLaren. The Senator was wealthy, and as a wedding gift the young couple had their pick of many a fine residence in Perth. Instead, the McLarens chose to live on Otty Lake, which was at the time isolated and remote, but that suited Anna and Willie just fine. Rather romantically, they wanted to live year-round in the woods, and so they did. Then there's the story of the Marks Boys who grew up on Christie Lake and were eventually hailed by Maclean's magazine as "the most remarkable theatrical family in Canadian history." No history book about Tay Valley would be complete, of course, without mention of the Mammoth Cheese. You may have heard of it, but did you know the Perth Citizens' Band played *The Maple Leaf Forever* as hundreds of people gathered to cheer as the cheese left Perth on a special railway flat bound for the 1893 World's Fair?

Everyday life is also celebrated in At Home in Tay Valley. Kay Rogers writes about the longtime lure of cottage life at the many lakes and rivers of Tay Valley — "camping, fishing, boating, and all-around fun" — noting that one of the earliest cottages in Tay Valley township was built on Christie Lake in 1892 by R.J. Drummond, manager of the Bank of Montreal in Perth. In a chapter called "Community: The Heart of Who We Are", Susan Code adds interesting anecdotes of community life in the area — from a time when conversation outside the general store and post office made for a fine afternoon of socializing, and when winning a bit of walking-around mon-

Heritage Perth Christmas House Tour

The Heritage Perth Christmas House Tour has been a holiday fixture now for the past nine years, and tour guests over the years have found that it is well worth the ticket price. The Canadian Federation of University Women (CFUW) Perth and District seems to be able to find an unlimited number of lovely heritage or heritage-inspired homes to share.

The December 5 and 6 (10:30AM to 3:30PM) event features eight homes that have never been on the tour before. All were built in the nineteenth or very early twentieth century. They are located both in town and close by in the countryside. They include one of Perth's earliest homes, lovely heritage farmhouses, and an early 1800s square-timbered log house. Maybe af-

lovely new bed and breakfast this year!

The extra touches are always what make this tour shine. Local decorators and florists regularly contribute their talents to help dress the houses for the holidays. You may find ideas for your own holiday decorating or even for renovation projects.

Visitors will be treated to lovely background music as they tour, provided by talented local musicians. Don't miss the opportunity to be entertained by well-known pianists Peter Woodwark and Pam Newton, playing an 1882 Knabe Custom grand piano. These are just two of the many musicians who will be on hand. Of course, it wouldn't be Christmas without delicious cookies, and these will also be provided courtesy of the Sunflower Bake Shop in Perth, to be enjoyed with warm cider at one of the homes.

The whole community supports the event as evidenced by the specially-priced lunches offered to ticket holders by many local restaurants as well as St. James Anglican Church. Be sure to check your ticket brochure for discounts offered by advertisers as well.

The popular Heritage Perth Christmas House Tour takes place this year on December 5 and 6, but get your tickets early!

But what really makes this experience special is ter your tour you will even be booking a stay at the knowing what the CFUW Perth and District will do with the money raised. Since the tour began ten years ago, over \$150,000 has been distributed in Lanark County in support of literacy and educational programs. Four area libraries benefit from contributions, and art supplies are donated to some local schools. The majority of the funds raised by the House Tour are awarded to local women who are enrolled in colleges and universities. In the past year alone, bursaries have been awarded to young women studying in such diverse areas as environmental studies, biology, practical nursing, respiratory therapy and social service work. As a tour guest, you can be part of making the dream of postsecondary education possible for deserving candidates. CFUW Perth and District is, once again, delighted to offer you this opportunity and to make this contribution such an enjoyable experience.

I learned how to set type — a skill that perhaps is no longer used, but nonetheless worth knowing, in order to understand where we have come from, and perhaps even where we might be headed with artistic printing. Letterpress as an art form is fascinating to those of us who have a keen interest in lettering and typography today. As an art form, lettering is experiencing an incredible comeback in the art world. Nostalgia notwithstanding, the ability to look back into history and actually participate in it is a creative delight.

2016 marks the 200th anniversary of the arrival of the first European settlers and War of 1812 veterans to the municipalities we now know as Beckwith, Drummond/ North Elmsley, Perth, and Tay Valley. A

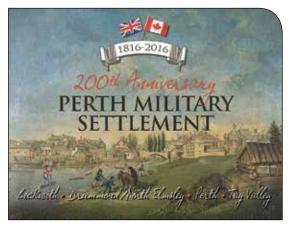

year-long, community-wide celebration is planned for Tay Valley Township and the other municipalities that made up the 1816 Perth Military Settlement.

Special events in 2016 include a Tay Bells Winter Celebration on February 6 with sleigh rides and settler games, the Scotch Line History Fair in June, the Settler Heritage Days and Lanark County Plowing Match in August, and the Betwixt & Between Dinner Dance that closes the year of celebrations in December 2016!

Tay Valley Township is home to Art in the Garden at Kiwi Gardens, the Silver Queen Mine and Mica Festival at Murphys Point Provincial Park, the Sundance Artisan Show in Maberly, and the Perth Autumn Studio Tour in Brooke Valley — all of which will put a heritage twist on their annual event in 2016, while the Blue Heron Golf Club is planning a Heritage Golf Tournament.

Music will play a large role in the celebrations. The Fiddler, Tay Valley Township's 200th anniversary logo, evokes community gatherings such as barn dances,

Silver Linings at the General

Craft in Almonte promises to be a feast for the eyes, featuring two buzz-worthy emerging artists showing their work together in a show called Silver Linings. The title is wonderfully descriptive of the literal and metaphorical elements of the exhibition, which opens November 3.

Meredith Kucey, a jeweller with a degree from Nova Scotia College of Art and Design, and Lily Swain-Brady, a painter with a degree from Emily Carr College of Art and Design in Vancouver, bring a lot

of skill and intuition to their practice, re- The \$100 & Under Show The November feature at General Fine sulting in dynamic and compelling work.

> Meredith makes some interesting links between her work and Lily's: "when I build my works, much like Lily, I consider the rules of a strong composition, such as dominance, unity, movement, balance... layers of thought and subject, the physical response to colour choice, and overall imagery. We are also creating these new works while embarking on new chapters in our lives, so that's sort of a subconscious similarity."

> Lily, whose work is pictured at left, is balancing full-time parenting of her yearold son with her painting practice, and has also been investigating the industrial history of her new hometown, Almonte. What's Up at the Diefenbunker

The Diefenbunker: Canada's Cold War Museum is delighted to invite you to the launch of **Group 6: The Canadian Forces Artists** Program, 2012-2013. Organized in collaboration with the Department of National Defence and the Canadian Armed Forces, the exhibition presents a selection of works produced by artists of the Canadian Forces Artists Program.

Working in a variety of media, the artists in Group 6 bring a unique perspective to the history, contributions and interactions of the men and women in the Canadian Armed Forces in 2012-2013. The art serves to document the work undertaken by the Canadian Armed Forces in Canada and abroad, and to provide a unique perspective from creative and independent viewpoints.

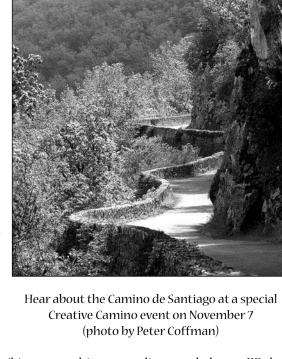

The Group 6 artists are Joseph Amato and Alicia Payne, Sophie Dupuis, Leslie Hossack, Mary Kavanagh, Thomas Kneubühler. Sharon E. McKay, Leslie Reid, Rhonda Weppler and Trevor Mahovsky, and the show is curated by Dr. Laura Brandon.

Please come celebrate the opening of this special exhibition with a panel discussion, book launch, and reception on November 8. At 1PM Laura Brandon will moderate a panel discussion with the artists, and then from 2:30 to 4PM there will be an opening reception. This is a free event, but please RSVP to <marketing@diefenbunker.ca> as space is limited.

Then on November 12, everyone is invited to the first public reading of With Respect, an oratorio (opera in concert) developed through the Canadian Forces Artist Program by Joseph Amato (composer) and Alicia Payne (librettist).

The evening will also feature some of the music inspired by the strength and resilience of Canadian Forces Families. Come for an optional Military History Tour at 6рм, or for the Opening remarks and reading at 7PM, followed by a Q&A. This is a free event, but donations to the Military Family Resource Centre will be accepted. Please RSVP to <marketing@diefenbunker.ca>, and specify if you wish to participate in the tour.

The month's final event is a Whisky Business Fundraiser on November 28. With the help of Geoffrey Skeggs, master sommelier, guests will savour the wide range of flavours, aromas, and colours available in single malts and learn how various influences determine the distinct characteristics in particular whiskies, the importance of ageing, and the process of maturation. Come for an optional guided tour at 5РМ; the tasting runs from 6 to 9РМ. Tickets go on sale soon at <whiskybusiness2015.eventbrite.ca>!

RVB's New EP CD

about the Ramblin' Valley Band, back in the February 2015 issue, they were a four-piece who were starting to develop a local following. At the time, I was impressed not only by their musical skills but also by their work ethic. I predicted at the time that these boys were going to

by Rob Riendeau

Fast-forward to early October 2015 when I caught up with RVB once more at the Barley Mow in Almonte. They are now a fivepiece, having added drummer Pat Gray to their mix. They have also added a few more instruments — Matt Armitage plays organ and keyboards on a few tunes. And the gig that I was attending was the release party for their excellent 5-song EP, Farm Days.

Although they still present the same fun, jam band energy on stage, they are so much tight-

The last time I wrote er and locked in now. These guys few special moments: Joe's mom, are super polished, but also re- Helen, joined the band on stage laxed on stage.

When I saw them last winter, their set was primarily country blues and bluegrass. With the addition of drums and keyboards, there were moments that brought The Allman Brothers sound to mind. They have also added a healthy dose of R&B to their mix. The funky second set opener, James Brown's Get on the Good *Foot* — sung with great intensity by Trevor Lubin — reminded me of some of the better bands I saw in New Orleans. It's a real treat to hear Zack Ledgerwood get super slinky on the bass. Later in the set they also played a terrific rendition of Ray Charles's Hallelujah I Love Her So.

But not only do they play great — they also sound great. Joe MacDonald's guitar tone, Zack's bass sound and Pat's drum levels are all perfect. Vocal harmonies on songs like I'll Fly Away sound terrific too.

Given that the event was a CD release party, there were a

and was adorable singing Last Kiss. George Turcotte, the owner of Mississippi Mills Musicworks, employs two band members as teachers and he was clearly delighted to perform Let It Bleed with the band.

I highly recommend that you get yourself to their regular Thursday night gig at the Barley Mow in Almonte and pick up their new CD.

The Jazz Goes On

As you may already know, Ballygiblin's restaurant in Carleton Place closed permanently at the end of August. Their monthly jazz nights, featuring pianist Peter Brown and his musical friends Don Paterson (trumpet), Glenn Robb (drums), and Dave Arthur (Bass), had been a great success. Enthusiastic crowds of 50 to 75 people attended each eveny and the musicians released a very well-received CD. Peter and the boys also played spinoff performances at both the Merrickville Jazz Festival and the Stewart Park Festival.

Although Ballygiblin's is gone, the jazz nights will continue. They have moved right across the street to the Queen's Hotel, with great support from the management there. The first one was on Thursday, October 1, and it drew more than 70 people. They are slated to continue on the first Thursday of every month, from 6 to 9рм, indefinitely... which is (jazz) music to my ears.

The Ramblin' Valley Band think that their new CD would make an excellent Christmas/birthday/just-cause-it's-Thursday present!

Renfrew Christmas House Tour

The Renfrew Victoria Hospital Auxiliary is pleased to announce that its 2015 Christmas House Tour will take place on Sunday, November 29, between 12:30 and 5PM. This is a self-guided tour featuring seven of Renfrew's distinctive homes. Tickets are \$25 each and include a Dessert Tea in the hospital cafeteria and guided tours of the new Nephrology Building. Also, the Gift Shop will show off its newly renovated space with a "20% Off Sale" on regularly-priced merchandise. Tickets can be purchased in Renfrew at Aikenhead's Drug Store, The Flower Factory and the **About the Auxiliary** RVH Gift Shop, or by calling Marilyn at 2015 has been a very special year for RVH 432-5237.

Two of the seven homes on the tour are located on Raglan St. S. One is a fascinating squared timber log home built in 1855 and furnished almost entirely with period antiques from the 1800s. The other, built in the '40s, was often referred to as the "Carriage House" and features older home charm along with superb updates and décor. Other homes within the Town include a well-crafted brick bungalow on Opeongo Road with an exceptional view overlooking Renfrew, a lovely century home on Plaunt Street N. that holds an eclectic mix of art and furnishings, and on Lynn Street, the winner of the 1959 "All Canadian Home" awarded by the Star Weekly magazine. Today's owners have incorporated natural and artistic elements into their home in unusual ways.

Just minutes outside of Renfrew are two homes well worth the short drive. On Yantha Road is a beautiful stone farmhouse built approximately 160 years ago. Even with the many additions and renovations, the heart of the homestead remains intact. On Stone Road you'll find a modern, custom-designed home, built by the owner and her parents. It's a large, comfy home with a fabulous stone fireplace, high, sloped ceilings and many "finds" from the Habitat for Humanity ReStore.

Auxiliary members. They have been celebrating seventy years as an auxiliary to the hospital. Members were delighted to be fêted by the Hospital at a Spring Gala held in their honour. Their Gift Shop will reopen at the end of October after completion of major renovations, featuring a larger space and all new décor. In addition to the Auxiliary's usual annual events, they published a 70th Anniversary Cookbook and organized their first Toast/Roast fundraiser.

To commemorate this anniversary, the Auxiliary has pledged \$250,000 towards the new "RVH Auxiliary Solarium". The Solarium, which is now under construction, is situated on the second floor of the new Nephrology building. When completed, the bright, tranquil room will have a view of and access to an outdoor rooftop garden, making this an inviting retreat for patients and their families.

Facial Rejuvenation Acupuncture

This safe and non-surgical procedure increases circulation and stimulates collagen production, rejuvenating facial tissue. This gives the skin more tightness and elasticity, and helps to reduce sagging or puffy skin and wrinkles. There is no risk involved with this procedure, no downtime from work, and no side effects. A research study published in the International Journal of Clinical Acupuncture reported that, in a clinical trial of 300 people who received facial acupuncture, 90% saw marked results after one course of treatment.

Lynn Miles Plays the Gallipeau Centre

Every musician gets pegged into a specific genre of music, but Lynn Miles, who will be performing at the Gallipeau Centre on November 14 at 7PM, objects to that classification.

She does not agree with the narrow definitions of country, folk or rock singers that have been bandied about. She is, she says, a songwriter and a singer above all else. And she's been in the business long enough to know what works and what doesn't.

"I was 18 when I became a professional musician," she says. While that might seem awfully young, it seems she had a bit of a head start. "My mom says she knew I was asleep in my crib because the singing would stop," adds Miles.

With twelve albums to her credit, the consummate songwriter says she finds inspiration in the human condition, in human relationships, in exploring why people do the things they do. Most importantly, she says, she loves words and the beauty

"I read a lot — I'm currently reading Jonathan Franzen's Purity — but I read a lot of non-fiction as well. I enjoy history, psychology, philosophy and world affairs; anything really that can spark an interest or lead me to a song," she explains.

Not surprisingly, her musical influences have been songwriters as well, the likes of Carole King, Linda Ronstadt, Emmylou Harris, Neil Young, to name but a few.

"Carole King was my first big influence. I'm old enough to have bought her *Tapestry* album, and for me it was the first indication that you could write songs," says Miles. She adds that listening to Gordon Lightfoot taught her how to fingerpick on the guitar. "I used to go to the Bayshore Hotel as a teenager and sing Gordon Lightfoot songs on amateur night!" she recalls.

A Commitment to Ending Homelessness

Campaign — making a further commitment to riencing homelessness who wishes to participate. take action to end homelessness — and plans to be part of Reach Out Week and to host a community forum in November.

The 20,000 Homes Campaign is a national movement led by the Canadian Alliance to End Homelessness. It aims to bring communities together to permanently house 20,000 of Canada's most vulnerable homeless people by July 1, 2018. The alliance calls homelessness a "national emergency requiring urgent and immediate action."

"Lanark County implemented our 10-Year Housing and Homelessness Plan in 2014, which declares ending homelessness as one of our priorities," said Emily Hollington, Lanark County social housing caseworker. "The 20,000 Homes Campaign gives us a chance to see how other communities across Canada have tried to address this issue, Nancy Green, social services director. "We will use and to work together to eradicate it."

"Lanark County is joining a growing movement of communities taking urgent and immediate action on homelessness," said Tim Richter, president and CEO of the Canadian Alliance to End Homelessness. "Lanark County is also the first rural community in the country to join the campaign, breaking new ground and reminding Canadians that homelessness is not just a big city problem."

Reach Out in November

During "Reach Out Week" — November 9 to 13 - the County plans to engage organizations and community members interested in local housing and homelessness issue to canvass shelters, service providers, drop-in centres, hospitals, etc. to conduct Campaign, please visit <20khomes.ca>.

Lanark County has joined the **20,000 Homes** short health and housing surveys with anyone expe-

"Reach Out Week is a housing intervention," Mr. Ritcher explained. "It is designed to get actionable information to begin the housing process. The top priority is action and creating a sense of urgency."

The survey questions will relate directly to people's housing stability and will highlight areas where there are high levels of risk to people in our community who are experiencing homelessness. The information will be compiled and brought back to the Community Solutions to Homelessness forum on November 17, which is open to anyone interested in learning more about the campaign, the survey results and next steps.

"These activities will help us to understand Lanark County's situation so that we can plan and prioritize resources and educate the community," said this information to assess whether we are providing the right types of services and supports, to help us improve and to highlight the importance of and need for additional affordable housing."

The community forum will take place on November 17 at the Gallipeau Centre in Smiths Falls. The day features the Lanark County 20,000 Homes Campaign results, information about the county's 10-Year Housing and Homelessness Plan, Mike Bulthuis from Ottawa Alliance to End Homelessness, and an expert panel discussion. There is no cost, and lunch is provided. Space is limited.

Dinner with Friends

A Timely and Thought-provoking Play

can you explain that more than half of all couples who start out saying "I do" end up saying "I don't anymore"?

Dinner with Friends, the Pulitzer Prizewinning comedy/drama by Donald Margulies that opens at the Studio Theatre on November 19, is a thought-provoking, often humorous study of the lives of two couples, and the impact that one couple's divorce has on their friendship. Divorce is never easy, and the natural reaction of friends when a union is torn asunder is a sense of sorrow, and remorse over the end of a friendship that was based on coupleness. But often, as the dust settles, the remaining pair begins to wonder about the deeper implications of the break-up: should they choose sides? Will the divorce of their friends cause them to examine the strength of their own marriage? It's an all-too-familiar real-life scenario that is fascinating and, in this case, entertaining to watch unfold.

Director Jeremy Dutton, a theatre veteran who has helmed many of the Studio Theatre's most memorable productions, says that just as in reality the subject is serious, but the treatment is sometimes flippant.

lines roll fast and free. As the playwright examines the situations with the two Karen — the one-liners and jokes lighten off the ticket price!

Love is easy. Marriage is hard. How else our load. It is a theatre experience akin to watching television."

Feeling Bookish?

If the cold (and occasional white stuff in the sky) makes you want to curl up in front of the fire with a good book, the good folks over at Mill Street Books are presenting several literary events this month. For the kids, on Wednesday, November 4 at 7:30pm, they're hosting a party! It's the book launch of Carleton Place author Nancy Higham's first book, School Mice, an old-fashioned tale with sweet illustrations, the first in a series for children.

Leave the kids at home on November 7 though, when you can meet Canadian economist and former Parliamentary Budget Officer Kevin Page who wrote

Mill Street Books in Almonte is holding several author events this month!

Unaccountable: Truth and Lies on Parliament Hill (an advance ticket is required for this 1:30pm event). On the 15th, at 1:30pm, they invite you to the Almonte Legion where Tim Cook will discuss his book Fight to the Finish: Canadians in the Second World War 1944-1945.

Mill Street Books is located at 53 Mill Street in Almonte, and you can reach them at 256-9090.
